## KUSF DJ APPLICATION

College radio focuses on free format, independent, and non-commercial programming. At KUSF we never tell you what to play on your shows or what to talk about, but we want our DJs to create a show that represents the spirit of the station and a show that you can be proud of. We do require certain Promos and Station IDs to be played and Expect you to try your best at on-air ticket giveaways and other “Station Business”.

Please list 10 songs (and the Artist/Album they are by/from) that would represent a playlist you would use on a show. We strongly suggest you put some effort into this list! We are looking for open-minded DJs who will play a variety of genres with an emphasis in alternative and independent music.
